

QUALITY POLICY STATEMENT

At RCU Solutions Ltd we offer a fresh approach to the rail, construction and utilities sectors while guaranteeing our clients the reassurance of knowing their project will be delivered within budget, on programme and without compromising on quality or safety.

RCU Solutions Ltd was established by its founding directors who carry between them over 25 years' experience in the Rail, Construction and Utility infrastructure. This experience, along with a strong portfolio of complex, multi-disciplinary projects, has evolved RCU Solutions Ltd in to becoming an inventive company, committed to providing its clients with a professional service.

The Directors, Management and employees of RCU Solutions Ltd are fully committed to operate in ways that meet customer needs, exceed customer expectations, comply with relevant statutory and regulatory requirements, satisfy applicable requirements, and deliver high levels of stakeholder satisfaction. We are also committed to the continual improvement of the quality management system.

In support of our core values and strategic direction and to demonstrate our commitment to quality, we operate a Management System in accordance with the requirements of BS EN ISO 9001:2015. We continually review our business risks and opportunities and set objectives against which our performance can be measured, identifying opportunities for improvement. The Business Risk Register provides our framework for setting quality objectives.

This Quality Policy Statement is reviewed annually to ensure its continued relevance and adequacy. It is part of the company's training programme to ensure that this policy statement is briefed, understood and implemented at all levels within the company.

This Quality Policy Statement is available to interested parties on our website and on request.
